

# Digitalized incontinence care

Well-being for residents and caregivers

ABENA®  
**Nova**  
with MediSens®

Digital solutions

# You should be in control of your incontinence.

Having the right incontinence product isn't just about feeling dry. It's about feeling safe and in control - keeping your freedom. To be able to do what you want, when you want.

No matter if you are just dripping a little from time to time or need more extensive help, we can help you. We've developed the newest state-of-the-art continence care technology: The digital ABENA Nova with MediSens technology.

Family visits and being in good company with friends and loved ones will simply feel better with the added comfort of knowing you're safe from embarrassing leaks and unnecessary checks.

**So, go ahead. Do more. Live more.**

*Enjoy visits from family and friends.*

*Feel comfortable knowing that you have the best possible protection against leakages.*

*Increased happiness and the taste of the good life.*

*Absorb the feeling of a good atmosphere  
- **feel the “hygge”.***

# Welcome to the care of tomorrow.

With ABENA Nova with  
MediSens technology, you'll see  
and feel a renewed quality of life  
in your loved ones.

Thanks to ABENA Nova, a more dignified way of caring is available to the wearer. A disturbance-free night's sleep helps them regain their quality of life and drive to rejoin society. As a family member, you'll feel a renewed trust in the care given to your loved ones.

No unnecessary checks disturbing you during the night, you'll simply be able to be you.

Enjoy life

A big difference for friends  
and family

Feel empowered as  
a caregiver

We care for the planet, too

Because we care  
- all the way around

## **We've got you**

Whether you're a resident, a friend, a family member, or a caregiver, we know how much it means to have the best possible care available to you. And if the solution also cares for the environment; that's even better.

# This changes everything. For you, your family, and caregivers.

Are you dreaming of an incontinence product that is able to improve quality of life, works effectively, and is so intelligent that it can speak for itself? Well, we've got you.

ABENA Nova with MediSens actually does all that. The best part being that you can concentrate on enjoying the moment, and live life to the full, without having to check endlessly or worry about leakages.

## **Fewer leakages**

*Real-time data improves planning and decreases leakages and wet beds.*

## **Integrated sensor**

*Integrated sensors, which don't affect user comfort.*

## **WetSens Monitoring**

*WetSens Monitor app continuously registers the degree of saturation and gives actionable insights.*

ABENA®

### Our extra guarantee

-14 certifications and ecolabels certifications\*

FSC® (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC®-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC®-certified products, you help take care of forests and the people and wildlife that call them home. Visit [www.fsc.org](http://www.fsc.org).

Nordic Swan Ecolabel is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

PEFC™ (Program for the Endorsement of Forest Certification) is a non-profit organization that promotes sustainable forest management. PEFC™ is the forest owners' own organization, and its purpose is to help manufacturers and consumers choose sustainable wood.

\* Note our incontinence products have different certifications and ecolabels.

# Dignified digital care takes the load off many shoulders.

With ABENA Nova, caregivers make 28% fewer changes and 84% fewer manual checks, leaving more time for quality care\*. Management will also see financial savings within continence care, there will be more time for residents, and quality will increase. Further, the strain on caregivers is reduced.

**With ABENA Nova everybody wins.**
